## MESSAGE FROM THE CHANCELLOR

---

Many congratulations on your achievement! Your graduation today from The University of British Columbia signals an important milestone in your personal lives and the lives of those who have supported you in your educational efforts. In achieving this significant goal, you have demonstrated the commitment, creativity, and talent you will need to succeed in your chosen career. The entire UBC community applauds you on your accomplishments and celebrates with you the importance of this momentous occasion.

You are the leaders of tomorrow — you will chart the course for the next generation of writers, artists, business and health professionals, engineers, lawyers, humanists, scientists and teachers. Wherever you choose to make your contribution, you will shape society's actions and exert a powerful influence on the coming generations. As you prepare to assume these roles, I hope you will remember the critical role that The University of British Columbia has played in your preparation...that you will remember how much you have learned at your alma mater. You will use that knowledge to find solutions to some of our most pressing problems. And by so doing, you will ensure that the values we cherish as Canadians are preserved and advanced.

Higher education today is as much about collaboration as it is about individual learning, and over the course of your studies here you will have discovered the value of working collaboratively, of being part of a "team." Whether in sports or in a profession, teamwork directs individual abilities towards meeting objectives successfully by pooling everyone's knowledge and skills. This principle will be key to your success in your chosen career; as you move from the classroom into the workplace, you will take with you an understanding of the power of teamwork to overcome all obstacles and achieve any goal.

If this seems an overly optimistic prospect, think about how far you have already come, how much you have grown, and what you are part of. As students, and now as graduates, you are valued members of our

vibrant UBC community. I invite you to maintain your relationship with the university to which you have already dedicated so much time, hard work, and energy. With 260,000 graduates spread over 120 countries, the Alumni Association is an invaluable resource for you as you embark on your career. I urge you to take advantage of and contribute to this extraordinary community of alumni who began their professional lives at UBC, and who form a network that stretches around the world and crosses all disciplines.

Graduation day is an opportunity for you to reflect on the past and look ahead to the future. This event may well signal a significant change of direction in your life. Whatever direction you choose to take, the knowledge and skills that you have developed here will stand you in good stead, not only in your professional life but also as a contributing member of society. Wherever you may find yourself in the years to come, I hope you will remember your time at UBC with pleasure, and that you will be proud of your association with one of the world's great universities.

Finally, I wish to extend warmest congratulations to the 76 Japanese Canadian honorary degree recipients who suffered through blind injustice in the dark days of World War Two. We take inordinate pleasure and pride in celebrating your contributions as citizens of Canada and in officially welcoming you as alumni. It is my sincere hope that your long overdue graduation day is a particularly joyous occasion for you and your families and that, like all alumni, you will cherish the knowledge that UBC is, and will forever be, your university.

Tuum est!

**Sarah Morgan-Silvester**

## MESSAGE FROM THE PRESIDENT

---

In the aftermath of the bombing of Pearl Harbour, 22,000 Japanese-Canadians were forcibly removed from their homes and communities and interned in prison camps for the duration of World War II. Seventy-six of them were UBC students. Their studies were cut short and their graduation day taken from them by a University that bowed to racism and fear, and failed to live up to its own vision.

The internment irrevocably altered the course of these students' lives, and because of family or financial circumstances, few of them were able to complete their studies, even after the end of the war. Seventy years later, these students and their family members stand side by side with the Class of 2012. On May 30, they receive their UBC degrees.

I consider it an honour to share the stage with each graduating student. Although I do it thousands of times each year, each time is unique. That moment is my opportunity to acknowledge the critical tools and professional skills the student has acquired at UBC, the ability he or she has developed to communicate ideas and understanding of other communities and cultures, and the capacity he or she has built for leadership, for change, and for seeking solutions to the worst of the world's problems.

This year, I will also be acknowledging 76 students' courage in the face of enormous hardship and loss; their willingness to give of their innate intelligence and wisdom to a community and a country that denied them a formal university education; and the triumph of their essential decency over injustice—their leadership, in other words—their capacity to effect change, and their gracious responses to one of the world's worst problems. Those qualities were exemplified in the exhortation of one Japanese-Canadian woman to her children after their UBC education was cut short and their beloved father was taken away: *Shoganai*,<sup>1</sup> she said. *Proceed*.

One of Western culture's most cherished ideas is that it's never too late. "It's never too late to be what you might have been," said George Eliot. "It is never too late to give up our prejudices," said Henry David Thoreau. "The time for action is now," said Antoine de Saint-Exupéry: "It's never too late." I hold firm to the hopefulness of this idea, even as I recognize that for some things, the time has passed. UBC's current leadership cannot right all the wrongs committed in the past, but it is not too late to redress them. In addition to the awarding of degrees, UBC's Faculty of Arts will establish an Asian-Canadian Studies Program, and UBC Library will create an archive of materials relating to this period in the University's history.

And so to the Class of 2012, I say it's never too late to learn. Learn this history, and learn from your *alma mater's* mistakes. To the 76, I say it's never too late to belong. UBC is honoured by your willingness to rejoin the University community, and is proud to call you alumni.

To all of you, it is my pleasure to say at last, congratulations.

*Proceed*.

**Stephen J. Toope**  
**President and Vice-Chancellor**

<sup>1</sup> *Shoganai* translates as "it can't be helped." It is a common Japanese phrase used to express the need for acceptance in the face of insurmountable difficulties. This detail is taken from the documentary *A Degree of Justice*.

## W'AY SYILX WELCOME

Ceremony and recognition of achievement, and the meaning inherent in special events like this one, have always been an integral part of syilx culture, beliefs and customs. Learning has always been fundamental to the well-being and survival of our communities, Okanagan people valued life-long learning. Education and academic excellence are also a part of syilx culture. The honoring of one's intellect and knowledge has always been important. The syilx traditions and ceremonies awarded achievement no matter how big or small. Announcements were made to the Nation that "this is a day of significance to this person, (family and/or community) and you are all welcome to share in this celebration". The Okanagan shared their land, their teaching, and their culture with others and now as graduates, you too will have

this opportunity to share your education with the community. Your educational attainment will serve you well, especially if you use it to serve your communities! The Okanagan Nation Alliance and UBC have forged a new path of partnership and inclusion so that we can all learn to embrace, strengthen and celebrate our diversity. The pursuit of academic excellence will continue to advance and transform our societies. Okanagan participation in today's convocation ceremony and within this University bodes well for our future and our communities.

# UBC TRADITIONS

## ACADEMIC REGALIA

---

The wearing of academic costume is a tradition that has persisted from the Middle Ages, when the first Universities were founded. The regalia vary slightly from one University to another, and within a University, according to the status of the wearer. At the University of British Columbia, the undergraduate's and Master's gown are black.

The colours for the degrees being granted in 2012 at UBC's Okanagan campus are as follows:

- B.A.** - University Blue
- B.A.H.S.** - University Blue with a scarlet cord
- B.Ed.** - White with University blue cord
- B.F.A.** - University blue with magenta cord
- B.H.K.** - Malachite green
- B.Mgt.** - Light grey with a black and gold cord
- B.S.N.** - Scarlet with University blue and white twisted cord
- B.S.W.** - Magenta
- B.Sc.** - Light blue
- M.A.** - Fully lined University blue
- M.A.Sc.** - Fully lined scarlet
- M.Ed.** - Fully lined white with University blue cord
- M.F.A.** - Fully lined University blue with magenta cord
- M.S.N.** - Fully lined scarlet with blue and white cord
- M.S.W.** - Fully lined magenta
- M.Sc.** - Fully lined light blue
- Ph.D.** - Gown- Maroon with front panel & sleeves of University blue with gold piping; Hood- Blue silk outside with gold lining; Hat- Decanel bonnet of maroon silk with gold cord and tassel

The Bachelor's hood is edged with the distinctive colour. The Master's hood is the same as the Bachelor's, except that it is lined with the distinctive colour.

The regalia of the Ph.D. consists of a gown, Cambridge style, of maroon silk with front facing-panel and sleeves of University blue with gold piping; a hood, Cambridge pattern, of blue silk outside and gold lining; a cap, decanal bonnet, of maroon silk with gold cord and tassel.

The hood for the honorary degree LL.D. is of scarlet broadcloth lined in dark blue velvet; for the D.Sc., it is lined in dark purple and for the D.Litt., it is lined in cream.

More information on degrees granted in Vancouver can be found at [www.graduation.ubc.ca](http://www.graduation.ubc.ca).

## CONGREGATION OR CONVOCATION?

---

People often ask why UBC calls its graduation ceremonies "Congregation." There are no records to say why this term was originally adopted but it has been used by UBC since its first graduation ceremonies in 1916 and is believed to originate from its use in English institutions such as Oxford and Cambridge. According to Wikipedia, "a congregation is an assembly of people for a given purpose; with respect to a university, it is a formal meeting of senior members of the University. Examples include the Regent House in the University of Cambridge and the House of Congregation and the Ancient House of Congregation in the University of Oxford. Stemming from this tradition, in some universities a graduation ceremony is known as a congregation, even if the ceremony is not a meeting of the university's governing body in the traditional sense."

For whatever reason, UBC adopted this term for its graduation ceremonies in 1916 and has used it ever since when inviting faculty, students and guests to the Annual and more recently the Spring and Fall graduation ceremonies. UBC is unique amongst Canadian institutions in that it appears to be the only institution that still uses this term.

The term 'Convocation' at UBC is more often used to describe a group of people - defined by the University Act - including the Chancellor, President, members of the Senate, all faculty members and all graduates of the University. The Convocation, through the Chancellor who serves as its chair, confers degrees, including honorary degrees, and awards diplomas and certificates of proficiency.

In Fall 2007, UBC Vancouver Senate reconfirmed its preference to maintain the tradition of using the term 'Congregation' for its graduation ceremonies. In Spring 2008, the UBC Okanagan Senate passed a motion that "Convocation be adopted as the name for meetings of the UBC convocation held at UBC Okanagan for the purposes of conferring degrees, effective June 2008."

Did you know...?

- UBC's first Congregation ceremony took place on May 4, 1916 in the Hotel Vancouver ballroom. There were 41 graduates.
- UBC's first graduate degrees were conferred in 1919.
- The first Congregation ceremony on the Point Grey campus was held in 1927.
- The first graduation ceremony was held at UBC 's Okanagan campus on June 9, 2006.
- The first graduate degrees were conferred at UBC's Okanagan campus on June 6, 2008.

## THE UNIVERSITY MACE

---

The University Mace is a symbol of the authority of the UBC Chancellor. It is displayed on ceremonial occasions, most notably during the Convocation ceremonies but also during the Installation of a President or Chancellor.

The Mace is carried by the 'Macebearer' who leads the Platform Party, which includes the Chancellor, the President and other dignitaries, onto the stage for the Convocation ceremonies.

Created by First Nations artist Sheldon Louis of the Okanagan Indian Band, the University Mace is carved from a single piece of alder wood, and combines Okanagan Nation traditions with university customs. The main art work on the Mace features three symbolic spirit icons—a mother bear with her two cubs, the image of the mountains, and water — given to UBC Okanagan in 2005 by the Okanagan Nation elders. The spirit icon gifts were selected by a group of First Nation elders, led by Andrew McGinnis, an Okanagan Traditional Medicine Keeper from the Penticton Indian Band, and Victor Antoine, an elder of the Okanagan Indian Band. Each spirit icon was chosen carefully for its special significance to the region, reflecting local Okanagan Nation tradition, culture and knowledge.

The Mace also features a number of university symbols, including the UBC Okanagan logo, the University coat of arms and the UBC motto Tuum Est - It's Yours. In addition, the back of the Mace displays the word Suknaqinx, which is of the Nsyilxcen language, spoken by the Okanagan's original people. Roughly translated, it means "the ones who stand on the hill and are seen and heard from far away."

The University Mace, which was carved in the shape of a paddle, representing the importance of Okanagan Lake to the region's people, is also inlaid with silver, applied by First Nations silversmith artist Justin Terbasket of the Lower Similkameen Indian Band. The Mace was used for the first time at the 2009 Convocation Ceremonies.

## THE CHANCELLOR'S OKANAGAN CHAIR

---

In 2007, UBC's Okanagan campus commissioned the creation of a new Chancellor's chair for use in Okanagan Convocation ceremonies. Handcrafted by master furniture maker Dennis Weidman of Lake Country, B.C., the chair was fashioned from cherry wood, a species selected for its significance in the Okanagan's long history as a fruit-growing region.

The chair's front panel features UBC's motto, Tuum Est, the UBC logo laser engraved in the headrest panel, and UBC's coat of arms on each side panel.

## O CANADA

---

O Canada! Our home and native land,  
True patriot love in all thy sons command.  
With glowing hearts we see thee rise,  
The true north strong and free!  
From far and wide, O Canada,  
We stand on guard for thee.  
God keep our land glorious and free!  
O Canada, we stand on guard for thee,  
O Canada, we stand on guard for thee.

## OKANAGAN SONG

---

The Okanagan Song is based on a traditional song style called skəlmxqin. Skəlmxqin songs belong to the Okanagan/Syilx people collectively. Songs of this style can be sung by any Okanagan/Syilx person using their own phrasing and their own emotion while maintaining the formal rhythm and structure. This song has been called the "Okanagan Song" or the "Okanagan Nation Anthem" because the phrasing and meaning were constructed to celebrate pride in being Okanagan.

### Translation of suknaqinx skəlmxqinx

Note: the word aʔi translates three separate ways in this song.

Aʔi kʷu swi wi numtax  
(given that we are good-looking/vibrant/strong)

Aʔi kʷu suknaqinx  
(due to being Okanagan)

Aʔi axaʔ iʔ tmxʷulaʔxʷ  
(because of this land)

### Literation/meaning

We are beautiful  
Because we are Okanagan  
Because our land is beautiful

# UBC'S IMPORTANT HISTORICAL MOMENTS

The following list reflects important historical moments in UBC's history:

## 1908

## UBC... FOREVER

---

Welcome Class of 2012, to your new and honoured place in the UBC community. Today we celebrate all you have worked for and achieved in your time as a student; and the promise of your future as an alum.

Many students don't realize that when you graduate from UBC, you automatically become an alumna(f) or alumnus(m). You cross the stage at convocation, the Chancellor admits you into UBC's alumni body, and your relationship with the University enters a whole new phase. Now you begin to see the true value and potential of your time here.

You might be surprised at just who your fellow alumni are, their levels of accomplishment, influence and contribution. No matter where you go, you will find yourself in the company of amazing people - educators, artists, doctors, nurses, business and community leaders - UBC grads who will be your role models, mentors, colleagues and friends.

We'll help you connect through our newsletters, web pages and social networks. You will receive a warm welcome at mentoring, cultural, educational and career-building events, whether you stay here in the Okanagan or go anywhere else in the world. You can get involved in alumni networks as far away as London and Seoul or as close as Kelowna, Vancouver and Calgary.

UBC acknowledges your important place in our community. Worldwide, there are well over a quarter million graduates. That's a powerful network that you can work within to build your life and make a difference in the world. Brought together, we represent a significant and positive force. Remember our motto *Tuum Est* - UBC is still yours. It will always be yours. This place is as much about you as it is about buildings and classes.

So reach out. Stay in touch. Ask for help when you need it. Lend a hand when you can. Work together and everything is possible.

*Just remember that to keep you in the loop, we'll need at least a current email address and, even better, the city where you live. Please send yours to [erica.triggs@ubc.ca](mailto:erica.triggs@ubc.ca) or visit [web.ubc.ca/okanagan/alumnirelations](http://web.ubc.ca/okanagan/alumnirelations) for more information.*

## start an evolution

### Start an evolution

UBC generates ideas that start evolutions. Ideas that change the way people think and the way the world works. The University's influence is spreading across the Okanagan region, attracting new talent, enriching cultural life and helping transform the region's economy. Our student population has more than doubled to over 7,900 students and, as our student population grows, our campus must expand to support their learning.

Our start an evolution campaign places UBC in a strong position to improve our capacity—and that of our donors—to create change in the world and in our community. Our campus goal is to raise \$100 million for key priority areas like student support, innovative research and community engagement.

From creating student awards to improving regional health care—imagine what we can do together. Combine your energy with ours. Together we will discover new ideas to illuminate our way forward, creating positive change in the world.

Following completion of this, Fitzpatrick worked for the B.C. tree fruits industry and pursued post-graduate studies at the University of Maryland and Columbia University. He later embarked on an entrepreneurial career founding businesses in the aerospace, oil and gas and mining industries in both Canada and the U.S.

In the 1980s he returned to the Okanagan to promote value-added agriculture, founding CedarCreek Estate Winery and pioneering the planting of vinifera grapes to produce quality wines. He served in the Senate of Canada, representing Okanagan-Similkameen from 1998 to 2008.
