SPRING CONVOCATION  
2018

JUNE 7 & 8

Dear Graduated,

Your graduation began long before this day.

It began when you made the choice to study that extra hour, dedicate yourself more deeply, and strive to reach for the degree you had chosen to fully commit your life to pursuing.

Many of the people that helped you arrive here today are seated beside you—friends, family, classmates—while others are thinking of you from afar.

We are honoured to have given you a place to discover, inspire others and be challenged beyond what you thought was possible.

We hope you know, we will always be that place for you.

Yours,

UBC

The UBC graduation journey has been forged by the spirit of the university's motto, *Tuum Est*, (meaning 'it is yours') since 1915. Today, you, the graduating class of 2018, now shape UBC's history by making it your own.

## 1916

One of the first graduating classes was the Arts Class of 1916 pictured here at a party at the home of Mary Wilons. In UBC's first year, there were only three faculties: Arts, Applied Science and Agriculture with 379 registered students and 34 faculty members.

## 1920s

The student-led Great Trek to UBC's Point Grey established the university's first campus. The Alma Mater Society (AMS) incorporated as a non-profit society and the university began awarding its first graduate degrees to students. In the *Ubyyssey*, published in September 23, 1925, students described the new campus with a sense of wonder: "We are dazed with the appearance of architectural cleanliness and bewildered by our lineal freedom."

## 1940s

The forties were an era of tremendous change at the university as both students and faculty embraced the war effort. In 1943, new President Norman MacKenzie began in earnest to expand the university and new departments were formed along with new buildings to house them including Brock Hall and the first student union building. By the 1950s, UBC had established itself as a comprehensive university and top choice for students in BC and beyond.

## 1960s

Student numbers continued to escalate alongside the scholarly activities that began to define UBC as a leader in research. The campus was alive with sixties counterculture and a sixth president of UBC was elected by the name of Dr. Walter Gage. New student residences were created to respond to the expanding student body as well as a new student union building. Students gained influence at the university and were elected to the University Board of Governors for the first time.

## 1980s

With over 34,000 students registered at the beginning of the eighties, UBC began attracting scholars from all over the world. Engineering students were in the news frequently for their pranks, which included the famous Ladner Clock Tower stunt in which students pulled off hoisting a white Volkswagen Bug onto the top of the tower. Dr. Martha Piper was elected President in 1997 and ushered in an era of international engagement that saw UBC step onto the world stage as an educator and global centre for research excellence.

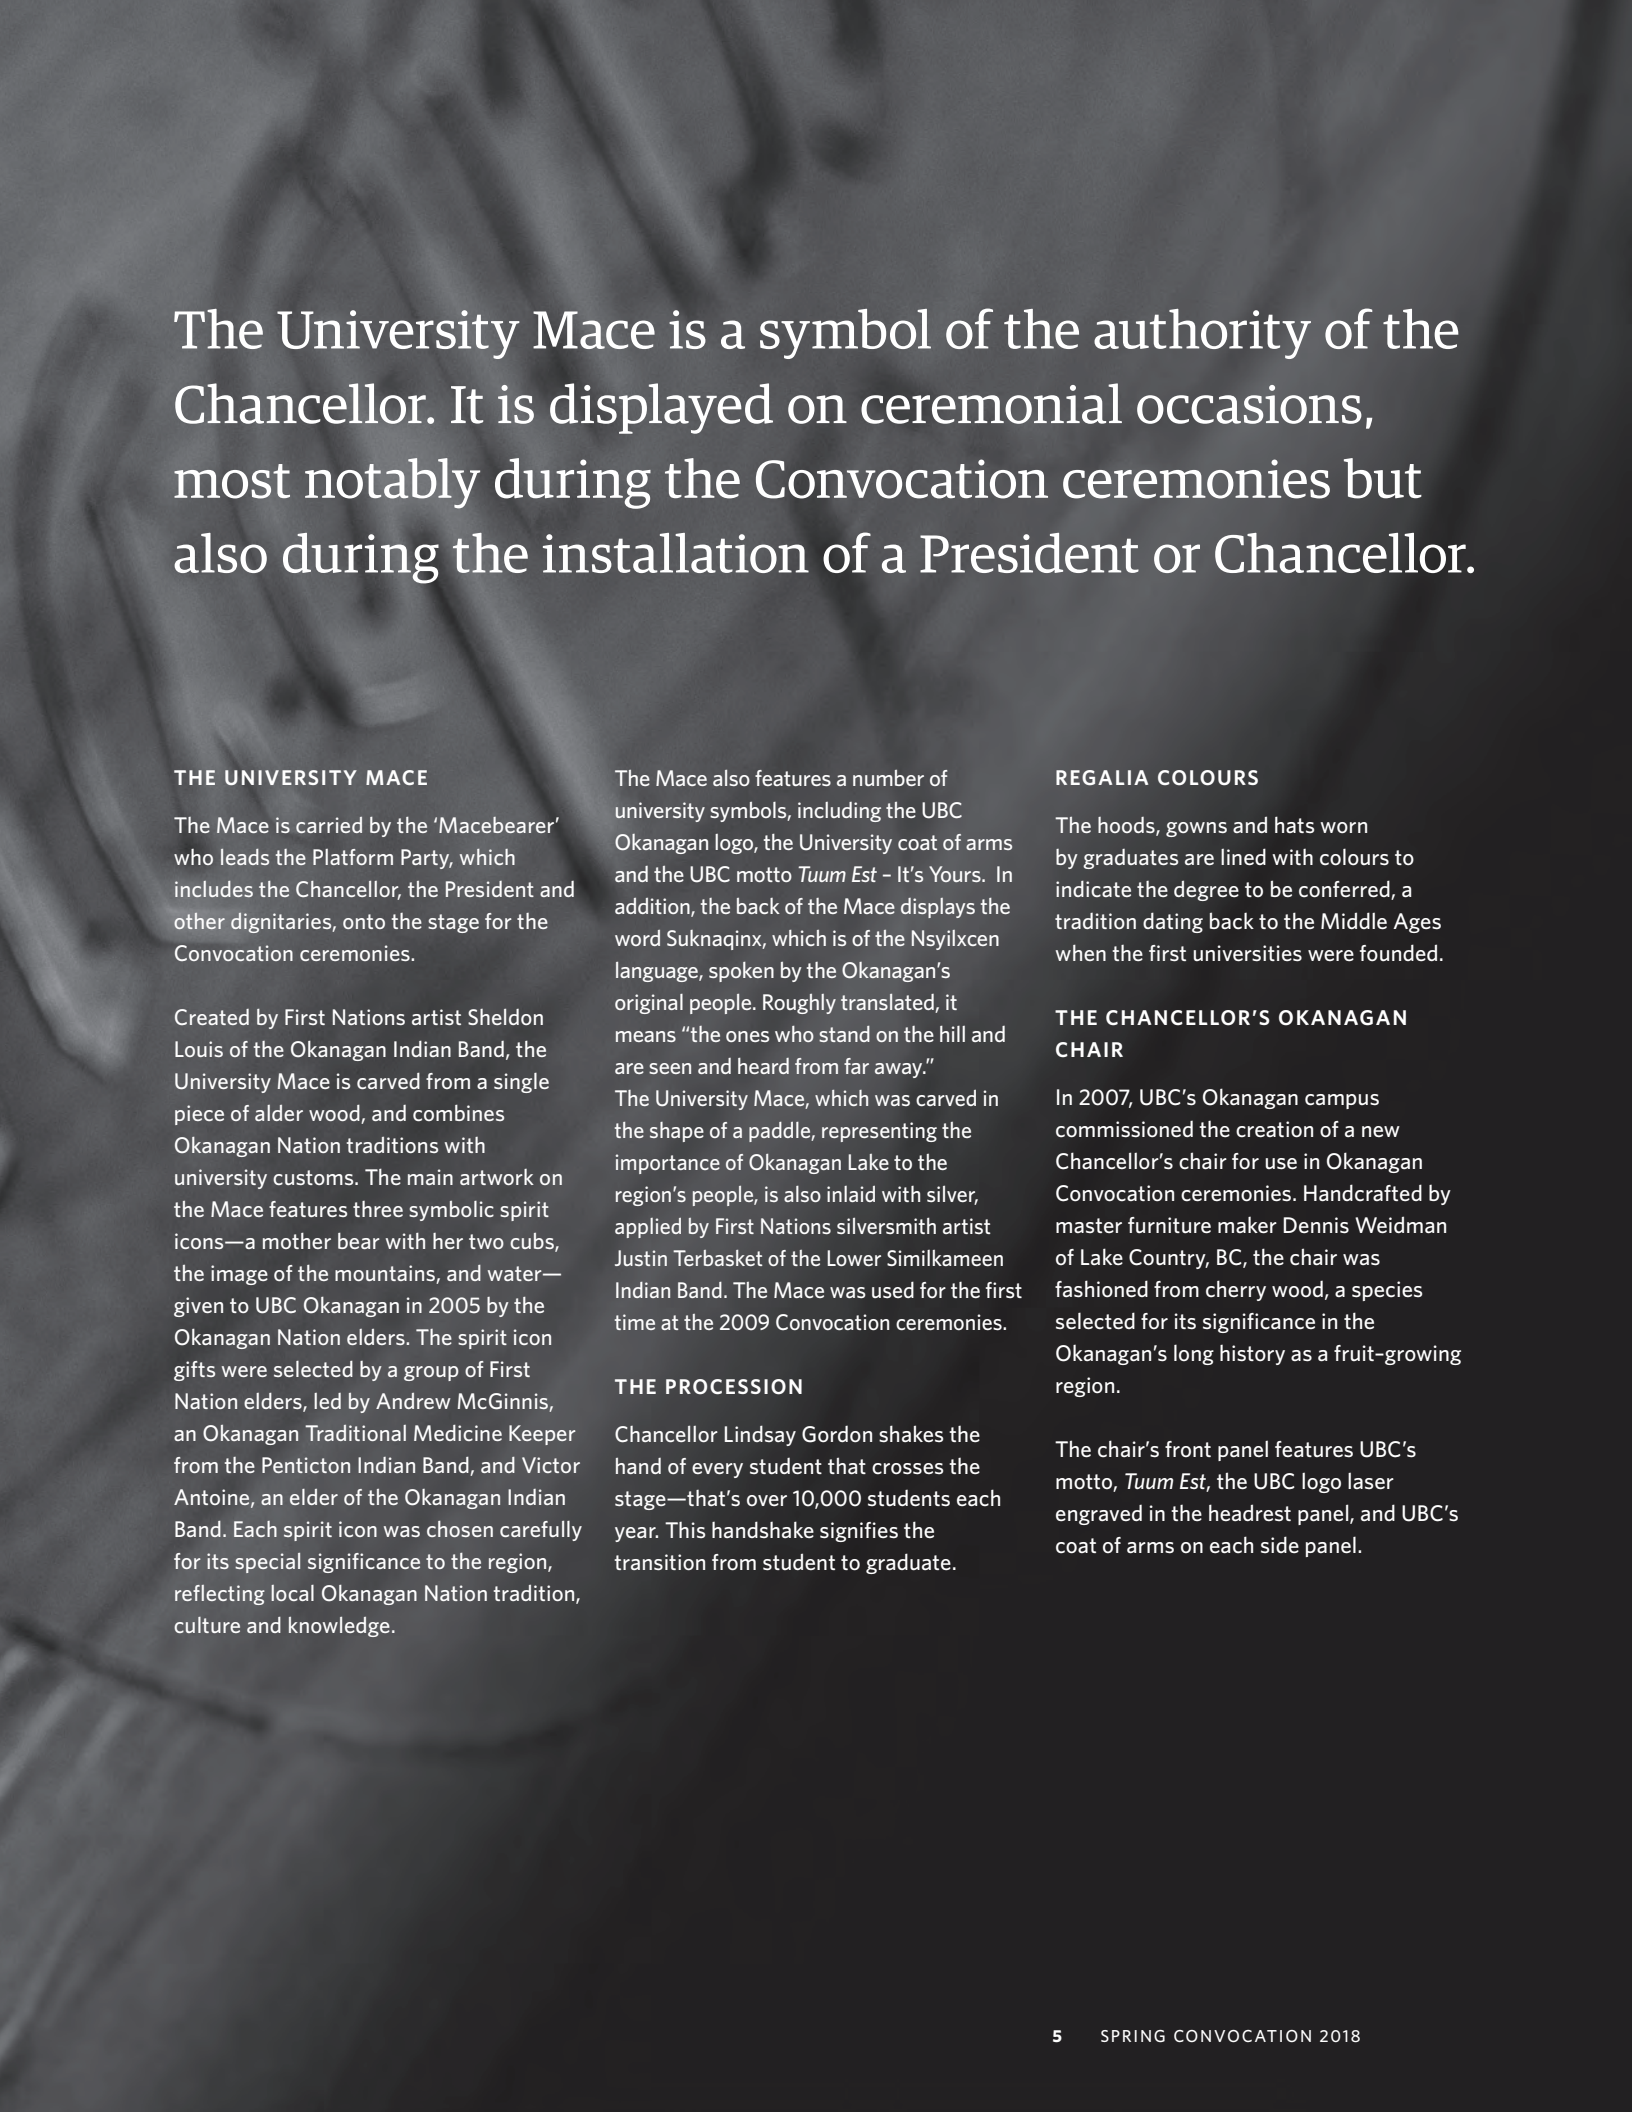

## 2000s

The demand for increased access to post-secondary education led to the official opening of UBC's Okanagan campus in 2005. Student learning opportunities multiplied as UBC expanded to include two major campuses—the Vancouver Campus and the Okanagan Campus.

## 2018

More than 13,000 students will become the Class of 2018. They will go on to join over 325,000 alumni who have successfully graduated from UBC and continue their journey as treasured members of the UBC community.

The University Mace is a symbol of the authority of the Chancellor. It is displayed on ceremonial occasions, most notably during the Convocation ceremonies but also during the installation of a President or Chancellor.

#### THE UNIVERSITY MACE

The Mace is carried by the ‘Macebearer’ who leads the Platform Party, which includes the Chancellor, the President and other dignitaries, onto the stage for the Convocation ceremonies.

Created by First Nations artist Sheldon Louis of the Okanagan Indian Band, the University Mace is carved from a single piece of alder wood, and combines Okanagan Nation traditions with university customs. The main artwork on the Mace features three symbolic spirit icons—a mother bear with her two cubs, the image of the mountains, and water—given to UBC Okanagan in 2005 by the Okanagan Nation elders. The spirit icon gifts were selected by a group of First Nation elders, led by Andrew McGinnis, an Okanagan Traditional Medicine Keeper from the Penticton Indian Band, and Victor Antoine, an elder of the Okanagan Indian Band. Each spirit icon was chosen carefully for its special significance to the region, reflecting local Okanagan Nation tradition, culture and knowledge.

The Mace also features a number of university symbols, including the UBC Okanagan logo, the University coat of arms and the UBC motto *Tuum Est* – It’s Yours. In addition, the back of the Mace displays the word *Suknaqinx*, which is of the Nsyilxcen language, spoken by the Okanagan’s original people. Roughly translated, it means “the ones who stand on the hill and are seen and heard from far away.”

The University Mace, which was carved in the shape of a paddle, representing the importance of Okanagan Lake to the region’s people, is also inlaid with silver, applied by First Nations silversmith artist Justin Terbasket of the Lower Similkameen Indian Band. The Mace was used for the first time at the 2009 Convocation ceremonies.

#### THE PROCESSION

Chancellor Lindsay Gordon shakes the hand of every student that crosses the stage—that’s over 10,000 students each year. This handshake signifies the transition from student to graduate.

#### REGALIA COLOURS

The hoods, gowns and hats worn by graduates are lined with colours to indicate the degree to be conferred, a tradition dating back to the Middle Ages when the first universities were founded.

#### THE CHANCELLOR’S OKANAGAN CHAIR

In 2007, UBC’s Okanagan campus commissioned the creation of a new Chancellor’s chair for use in Okanagan Convocation ceremonies. Handcrafted by master furniture maker Dennis Weidman of Lake Country, BC, the chair was fashioned from cherry wood, a species selected for its significance in the Okanagan’s long history as a fruit-growing region.

The chair’s front panel features UBC’s motto, *Tuum Est*, the UBC logo laser engraved in the headrest panel, and UBC’s coat of arms on each side panel.

## Here it is at last—your graduation day.

On behalf of all UBC alumni, it is my pleasure to welcome graduates and your families and friends on what we hope is a joyful occasion.

No doubt you have been asked: "What will you do after university?" Some of you have made clear choices about what comes next. Others may be less certain, but as graduates of UBC, you are justifiably optimistic that compelling opportunities are just around the corner.

There appears to be consensus among writers and philosophers—and parents — that it is choice rather than fate which determines where the human journey leads. Perhaps Ralph Waldo Emerson said it most succinctly: "The only person you are destined to become is the person you decide to be."

But as you embark on the next leg of your journey, I encourage you to be aware that the learning process is still young. Throughout our lives we make discoveries that stimulate new interests and new ambitions. Such is the wonderment of fate—it is often a welcome stimulus that opens our eyes to previously unforeseen opportunities for success and fulfillment, even on the part of those who are confident in the choices they have already made about the future.

But some choices should never be altered, irrespective of what fate has in store for us. Chief among these are the principles by which we choose to live. Indeed, ours is a world rich in information and opportunity, but it is also a world that has grown increasingly complex, and one whose destiny will be shaped by important choices on the part of all of us.

As alumni of UBC, I hope we are all uniformly proud of our university's reputation for adhering to principles of mutual respect, equity and sustainability, and that these remain our own chosen principles at every juncture on the road ahead. Let us never lose sight of how our actions affect the natural world, nor of the necessity of respectful and mutually beneficial engagement with people of all cultures, including the Indigenous peoples of Canada.

As graduates of one of the world's finest universities, it is incumbent upon all of us to be unwavering in our choices to be contributors to a just, compassionate and sustainable world. As for fate, have no fear. The journey has only just begun, and there is every chance that the unforeseen will be extraordinary!

Warmest congratulations to all.

— LINDSAY GORDON, BA'73, MBA'76

# Congratulations! Graduation is a momentous day in your life. It is a time to look back at all you've accomplished and a time to look ahead to what's next.

I hope that when you do look back on your time at UBC, you will do so with fondness, and that when you look ahead, you will see UBC as a part of your future. You will always be welcome here, and we look forward to hearing about your personal and professional achievements as you build on the foundation provided by your UBC degree.

As new graduates, you are joining a large group of remarkable people who have preceded you through this ceremony. Today, the graduates of UBC excel in practically every field of human endeavour. Three graduates have served as Prime Minister of Canada—including the incumbent Justin Trudeau. Seventy graduates have been awarded the Rhodes Scholarship and 65 graduates have won an Olympic medal. Our alumni include scientists, inventors and entrepreneurs, educators, activists, artists, writers and humanitarians. Wherever they may be, our talented graduates are contributing to the well-being of their fellow citizens and solving some of the grand challenges that face humanity.

As you begin a new stage in your life and experience, you can be confident that you can and will make a difference, because like the UBC graduates who have gone before you, you possess the knowledge and skills that are conferred by an excellent education.

At every level and in every course you've taken here, you have been exposed to the rigours of critical thinking, to the complexities of problem-solving, and to the need for risk-taking and imagination in the creation of new ideas. You have developed strong communication skills in a variety of media, and learned the value of teamwork and collaboration. You have encountered people and ideas from a wide variety of backgrounds, in the process acquiring a new understanding of cultures and traditions that differ from your own.

As you embark on the next stage of your life's journey, do not be afraid to take up the challenges that await you; you will have many opportunities to turn your hard-earned expertise and knowledge to good use, to become involved in your society, and to offer your ideas and solutions with the confidence that they will be heard and respected.

In his address to UBC's initial graduating class in 1916, UBC's first President Frank Wesbrook encouraged students to make our world a better place in which to live. Today, a century later, I echo his remarks. I believe each of you has the capacity and skill to succeed and make our world a better place.

As you celebrate this transformational day with your family and friends, take a minute to reflect and think forward to the many ways you might help shape the world in the years ahead.

And one more thing. Graduation should never mean goodbye. As Professor Wesbrook also said at that time, *Tuum Est*—it's your university—today and always.

Best wishes,

— PROFESSOR SANTA J. ONO

# On behalf of the Syilx Okanagan Nation, the yilmixm's (Chiefs) welcome the University of British Columbia's new graduates, their families and friends to the 2018 Annual Spring Convocation.

Elders, Chiefs, Board of Governors, Dignitaries, faculty, family, friends, students and the 2018 Graduates, on behalf of the Okanagan Nation Chiefs and our member communities we welcome you to our beautiful Syilx Territory and to UBC's Okanagan Campus Spring Convocation 2018.

We are pleased to extend a special congratulation to all the new UBC Syilx Okanagan Nation Graduates. We are honoured to be part of your Convocation Ceremony. We want to take this opportunity to recognize your achievement. The honouring of one's intellect and acquiring of knowledge are vital to Syilx people. Moreover, learning has always been valued in our communities. Learning and expanding one's understanding is fundamental to one's well-being and community for our survival as a people.

It is also an important part of Syilx customs and community life to conduct ceremonies that acknowledge and award achievement. Even today, announcements are made within the Nation that "this is a day of significance to this person, (family and/or community) and you are all

welcome to share in this celebration." Today, we are pleased to mark and celebrate the accomplishments of all 2018 UBC Graduates.

The Syilx Okanagan have always shared through their nsyilxcen language, their teaching, their knowledge and their culture with others. It is our responsibility and duty to use these gifts and serve our community. Now as graduates, you too will have this opportunity to share your education. We encourage you to serve your community!

The Okanagan Nation Alliance and UBC remain committed to their new path of partnership and inclusion so that we can all learn to embrace, strengthen and celebrate our diversity. The pursuit of academic excellence will continue to advance and transform our societies. Syilx participation in today's convocation ceremony on our beautiful lands and within the life of this University bodes well for our future and our communities and our country.

The Okanagan Song is based on a traditional song style called *skəlmxqin*. *Skəlmxqin* songs belong to the Okanagan/Syilx people collectively. Songs of this style can be sung by any Okanagan/Syilx person using their own phrasing and their own emotion while maintaining the formal rhythm and structure. This song has been called the "Okanagan Song" or the "Okanagan Nation Anthem" because the phrasing and meaning were constructed to celebrate pride in being Okanagan.

Translation of *suknaqinx skəlmxqinx*

Note: the word *aḥi* translates three separate ways in this song.

Honorary degrees are conferred on deserving individuals who have made substantial contributions to society. Conferred *honoris causa*, “for the sake of honour,” these degrees are awarded as one of three types: Doctor of Laws, Doctor of Letters and Doctor of Science.

HONORARY DEGREE RECIPIENT

**VICTORIA KASPI, C.C., F.R.S., F.R.S.C.**  
*Doctor of Science, honoris causa*

Victoria Kaspi is a remarkable astrophysicist of global renown. Her professional life has been devoted to the study of pulsars—rapidly rotating, highly magnetized neutron stars left behind after a massive star explodes as a super nova.

Using the most powerful radio and X-ray telescopes in the world, she observes these relatively tiny yet dense stellar remnants as they rotate, emitting bursts of radiation. Her current work includes the development of algorithms and the implementation of instrumentation for the Fast Radio Burst project on the new Canadian Hydrogen Intensity Mapping Experiment—or CHIME—telescope in Penticton, British Columbia.

Born in Austin, Texas, and raised in Montreal, Quebec, as a youth her passions tended toward hockey rather than astronomy, but she was keen on

mathematics and logic. Her interest in neutron stars was sparked at Princeton University, where she earned her Ph.D. under the supervision of luminary astrophysicist Joe Taylor, who later won the Nobel Prize in Physics.

Today she is professor of physics at McGill University, director of the McGill Space Institute, a member of the McGill Pulsar Group, and has served as Associate Dean of Research and Graduate Education with McGill University’s Faculty of Science.

She was elected as a Fellow of the Royal Society in 2010 and has received many prestigious awards and distinctions including the Gerhard Herzberg Canada Gold Medal for Science and Engineering in 2016—the same year she was appointed as a Companion of the Order of Canada. Her work was also recognized with the NSERC John C. Polanyi Award in 2010 and the Rutherford Memorial Medal in Physics in 2007.

## HONORARY DEGREE RECIPIENTS

### HONORARY DEGREE RECIPIENT

**ANTHONY VON MANDL, O.C., O.B.C.**  
*Doctor of Laws, honoris causa*

An acclaimed business leader and visionary entrepreneur, Anthony von Mandl has dedicated his life's work to placing British Columbia's Okanagan Valley on the international wine map.

As Proprietor of Mission Hill Family Estates, and Founder and Chief Executive Officer of the Mark Anthony Group of Companies and Chairman of the von Mandl Family Foundation, he is a true Canadian success story.

In pursuing his vision, he has created some of the most dramatic destination wineries anywhere in the world. This collection of prestige wineries and Estate vineyards includes some of the most prominent names in the Okanagan Valley: CedarCreek Estate Winery, CheckMate Artisanal Winery, Martin's Lane Winery and the iconic Mission Hill Family Estate. Each winery meticulously crafts a distinct portfolio of luxury wines that are a true

reflection of the terroir of the valley, and are synonymous with unparalleled quality and sustained excellence.

With over 180,000 visitors annually, his wineries have been instrumental in developing a substantial agro-tourism industry in British Columbia which now boasts more than 270 wineries and employs more than 10,000 people.

Among his many honours, awards and distinctions, he is a recipient of the Order of British Columbia and was appointed as an Officer of the Order of Canada in 2016. He is also a humanitarian and philanthropist, a champion for the environment, and is renowned for his support of the visual and performing arts.

## HONORARY DEGREE RECIPIENTS

### HONORARY DEGREE RECIPIENT

#### **ROSALIND WILLIAMS**

*Doctor of Letters, honoris causa*

Rosalind Williams is an Elder and Kia7a in the Splatstsin First Nation and has long been a steadfast advocate for its people, language and culture. Born in Enderby, BC, she is a respected artist known for her accomplishments as songwriter, archivist and playwright. She is a leader, a community visionary and an academic with untraditional training.

Rosalind is her community's traditional historian and has worked tirelessly to preserve and promote the Splatstsin culture and language, becoming a leader in the documentation and conservation of the language.

In 2000, she created the Splatstsin Teaching Society, a community childcare and teaching centre, where she works actively to research the language and ensure that it and Splatstsin culture are passed on to future generations.

She was the first woman to be elected Chief of community in 1972, and was one of the first women Chiefs in all of British Columbia. She has been a consultant, negotiator, land claims researcher, and has conducted significant historical and genealogical research for her community, working to document her community's history and traditional stories in new forms, such as plays and songs.

It has been said that everything she does is for her community of the Splatstsin First Nation and to build relationships with neighbouring communities, including the Okanagan Nation and settler societies. The community plays she has helped develop over the decades are cited as extraordinary examples of how the arts can contribute to intercultural understanding on personal, community, and institutional levels.

## SIGNIFICANT ACCOMPLISHMENTS & CONTRIBUTIONS

### KILLAM TEACHING PRIZE

This award is made possible by a generous endowment provided by Dorothy and Izaak Walton Killam; recipients of the award are chosen from faculty who have been nominated by their colleagues, students and alumni in recognition of excellent teaching.

#### **DR. STEPHEN MCNEIL**

*Associate Professor, Chemistry,  
Irving K. Barber School of Arts and Sciences*

Stephen McNeil has a consistent history of involvement, development and commitment to teaching excellence. He obtained the UBC Okanagan Provost Award for Teaching Excellence and Innovation in 2009 and has since made significant achievements in teaching delivery, curriculum development, and community engagement.

Dr. McNeil has invested considerable time in developing teaching techniques and innovative digital technologies to support learning. One of his motivations is to impart meaning to the intangible: what happens at the sub-microscopic level that impact the macro level results. He has successfully implemented a variety of active learning techniques, some of which clearly resonated with students such as his 'Duelling Bonding Theories' exercise.

Dr. McNeil's influence is beyond his classroom. Students and faculty alike see Dr. McNeil as a model and a mentor. He has received internal funding grants for his work, including an Aspire Learning and Teaching grant to support the reshaping of the first year Chemistry curriculum.

His impact is also reaching further than UBCO with outreach activities and presentations locally, provincially and nationally. As mentioned by his nominator, "teaching Chemistry and student learning and success are part of the fabric of Dr. McNeil's being."

### AWARDS FOR TEACHING EXCELLENCE AND INNOVATION

The Teaching Excellence and Innovation Awards recognize outstanding faculty members for their achievements in innovation, engagement and dedication to teaching excellence.

The successful award winners are exemplary role models who have had, and will continue to have, a significant impact on the culture of teaching and learning on the Okanagan campus and beyond.

#### **DR. LEYTON SCHNELLERT**

*Assistant Professor,  
Faculty of Education*

Dr. Leyton Schnellert is viewed as a leader and a mentor by students, colleagues, and teachers alike. Since 2011 when he joined the Okanagan campus, Dr. Schnellert has transformed courses for the Education program and provided an exceptional model of quality and pedagogy in BC, Canada and the United States.

Dr. Schnellert has accomplished innovative and transformative work through his co-teaching strategies and the unique space gained at Pearson Road Elementary School to provide in situ field studies instruction and education. This achievement has benefited many teacher candidates, current teachers, Faculty members at UBC, and hundreds of students in our community. Dr. Schnellert creates safe and encouraging spaces for all to learn.

One of his nominees stated, "His ability to engage students and our future colleagues within a limited period was miraculous," and it has been noted that elementary students often ask for the "university guy" to come teach again.

Driven by his passion to bridge the theory and practice divide in the field of education, Dr. Schnellert has extensive and diverse publications including films that have inspired educators in rural and remote locations in the Northwest Territories as well as urban settings.

#### **DR. YANG CAO**

*Senior Instructor and Associate Director  
for Undergraduate Studies, School of  
Engineering*

Dr. Yang Cao's student-centered teaching approach has earned recognition in the School of Engineering where he has received the "Pioneer's Award for Teaching Excellence" for eight years in a row, among other awards. It isn't surprising to hear people call it The Dr. Yang Cao Award.

Students and faculty alike admire Dr. Cao's ability to clearly explain concepts through different means from class lectures to YouTube videos, all to better support students' learning. To date, he has over 400 teaching-related videos on YouTube, with more than 6,000 subscribers, which have been shared around the world.

Dr. Cao is viewed by his colleagues as a mentor. He created and led the Engineering Summer program bringing international high school students to campus. And he enhanced the engineering program by reaching out to the department of Computer Science and the Faculty of Management to develop minors in those areas which are now available to all engineering students.

Dr. Cao is actively involved in provincial bodies for engineering education, including as a regional director for the Canadian Engineering Education Association, and as a steering committee member for the BCCAT Transfer Innovation Project related to the First-Year Core Engineering curriculum.

## UBC BOARD OF GOVERNORS

UBC's 21-member Board of Governors comprises the chancellor, the president, eleven persons appointed by the lieutenant-governor, three faculty members elected by faculty, three full-time students elected by students and two people elected by and from the full-time employees of the university who are not faculty members.

By legislation, the board is responsible for the management, administration and control of the property, revenue, business and affairs of the university including the appointment of senior officials and faculty on the recommendation of the president. The governors represent diverse backgrounds, which provide valuable input during board deliberations.

### O CANADA

O Canada  
Our home and native land!  
True patriot love in all of us command.  
With glowing hearts we see thee rise,  
The True North strong and free!  
From far and wide,  
O Canada, we stand on guard for thee.  
God keep our land glorious and free!  
O Canada, we stand on guard for thee.  
O Canada, we stand on guard for thee.

# Welcome, Class of 2018, to your new and honoured place among more than 325,000 UBC alumni in 140 countries. That's a powerful network to help build your life and make a real difference.

Many students don't realize that when you graduate from UBC, you automatically become a member of *alumni UBC* and your relationship with the University enters a whole new phase.

You might be surprised at just who your fellow alumni are, and their levels of accomplishment, influence and contribution to society. No matter where you go, you will find yourself in the company of amazing people who are making a real difference in the world—educators, artists, doctors, nurses, business and community leaders—UBC grads who will be your role models, mentors, colleagues and friends.

*alumni UBC* will help you connect through our email updates, website and social networks. You can participate in our cultural, education and career-building programs, here in Okanagan and around the world through alumni networks as far away as London, Hong Kong and Seoul, or as close as Vancouver, Victoria, Calgary and Toronto.

Whenever you come back to campus, drop by the *alumni UBC* Engagement Centre, check out the alumni wall, let us know what you're up to and find out how you

can stay involved. And when in Vancouver, be sure to visit the Robert H. Lee Alumni Centre. It's UBC's home for alumni for life, where you will always be welcome to make alumni connections, attend events, or book your own meetings or celebrations. You can find yourself on the Interactive UBC Alumni Wall too.

Whether you're staying here in the Okanagan after graduation, travelling or moving away, we are excited to welcome you back to campus for Homecoming on October 19th and 20th. Because it's not goodbye, it's "see you at Homecoming!"

Remember our motto: Tuum Est (it's yours). UBC is still yours. It will always be yours. So reach out. Stay in touch. Ask for help when you need it. Lend a hand when you can. To learn more, visit [alumni.ok.ubc.ca](http://alumni.ok.ubc.ca).

Best wishes for the future,

— JEFF TODD

*Interim Vice-President, Development & Alumni Engagement*

*Executive Director, alumni UBC*
